Program Details

Edunet Foundation, has launched the Academy of Careers in Technology, a transformative skilling initiative aimed at empowering youth in Hyderabad with in-demand technology and career-readiness skills.

This program targets students who meet the following criteria:

- Completed 12th grade in 2024 or 2025
- Not currently enrolled in any other course or program
- Aged 18 years or older
- Committed to dedicating 15 months to the program
- Willing to attend an in-person training program in Hyderabad
- Open to seeking employment in the IT sector and relocating if required

The initiative is designed to equip aspiring students in its initial cohort with a comprehensive curriculum focused on full-stack development and placement preparedness. A unique feature of the program is its year-long blend of classroom-based instruction and three months of intensive, project-based experiential learning, ensuring that participants gain both a strong conceptual foundation and real-world problem-solving skills.
